### 3. Binding order

\_\_\_\_\_ place, date signature

## General Conditions of Exhibition of the MesseHalle Hamburg-Schnelsen GmbH

### 1. Operation of the Stand

The exhibitor is obligated to fill the stand during the entire duration of the event with the registered goods and to staff the stand with professional personnel.

### 2. Dismantling

No stand may be wholly or partially vacated before the end of the event. Any exhibitor contravening this stipulation must pay a contractual penalty amounting to half of the stand's rent. The exhibits must not be removed at the end of the event if the exhibition / trade fair management has claimed them in lien. This information must be passed onto any representatives of the stand holder that are present on the stand. If the exhibits are still removed, this shall be considered a breach of the lien. The exhibitor is liable for any damage to the flooring, walls and any materials rented or loaned to him. The rented stand space must be returned in the same state as it was handed over, no later than the deadline specified for the end of dismantling. Any applied material, foundations, trenches and damage must be removed flawlessly. Otherwise, the exhibition / trade fair management is entitled to have this work carried out at the cost of the exhibitor. Further claims to compensation remain unaffected. After the deadline specified for the dismantling work, any remaining stands or unremoved exhibits shall be removed by the exhibition / trade fair management at the cost of the exhibitor without possibility to recourse for loss and damage.

### 3. Supplies

The general lighting shall be provided by the MesseHalle Hamburg-Schnelsen GmbH. If the exhibitor requires any power outlets, this must be communicated during the stand set-up. Set-up and consumption shall be charged to the exhibitor.

All installations to the stand supply outlet must be carried out by companies approved by the exhibition / trade fair management. These companies receive all the orders through the organisation of and with the approval of the exhibition / trade fair management and issue invoices for the installation and consumption directly in compliance with the guidelines specified by the exhibition / trade fair management. Supply lines and equipment, which does not conform to the pertinent conditions – specifically the VDE and local electricity board – or whose consumption is higher than registered, can be removed or decommissioned by the exhibition / trade fair management at the cost of the exhibitor. The stand holder shall be liable for all damage, which arises through use of unreported connections and those which have not been carried out by exhibition / trade fair fitters. The exhibition / trade fair management shall not be liable for any interruptions or fluctuations in the supply of power, water/wastewater, gas and compressed air.

### 4. Stand Fittings Order Sheets and Forms

The exhibitor is solely responsible for the accurate and full completion and timely submission of the stand fittings order sheets and forms. The MesseHalle Hamburg-Schnelsen GmbH is explicitly exempt from any liability in this respect; the management does not need to check the information provided by the client.

### 5. Allocation of Stand Equipment

The leased allocation of objects to the exhibitor shall only take place for the agreed purpose (use on the exhibition stand during the duration of the event) and for the agreed period (duration of the event including assembly and dismantling times). The exhibitor shall be liable for any damage / loss to the rented items, even if this was caused by a third party. The liability of the exhibitor shall begin with delivery to the stand and end with the handover or collection by MesseHalle Hamburg-Schnelsen GmbH, even if the exhibitor has already left the stand. Unreturned rental items shall be invoiced at the replacement cost. Likewise, the repair costs must be charged in the case of damage, if replacement is not required. The rent shall be calculated for the duration of the event.

Any components of the rented refrigerators (mesh shelves, ice bowls, glass panels, etc.) that may have been temporarily replaced must be refitted after the event. At the end of the event, all refrigerated goods must be removed from the refrigerators. Upon collection, any drinks and products still contained in the fridge will be placed on the stand at the risk of the exhibitor.

The MesseHalle Hamburg-Schnelsen GmbH does not accept any liability for any items going astray. Furthermore, damage caused to the refrigerated goods caused by breakdown or similar shall not be covered. On event days, the lights and power supply to exhibition stands will be switched off one hour after the official closing time.

The exhibitor shall be fully liable for any damage caused by him or a third person, e.g. through electrical work on the stand.

The MesseHalle Hamburg-Schnelsen GmbH accepts absolutely no liability for an exhibitor's own electrical equipment.

### 6. Use of Stand Equipment and Carpeting

No holes must be drilled or nailed into hall floors, ceilings or walls nor into the MesseHalle's own system walls.

Likewise, no carpeting or painting of any ceilings, floors and walls is permitted. Gluing any type of flooring to the hall floors is only permitted with double-sided textile strips. When

the exhibition closes, the flooring and adhesive strips must be removed without leaving any residue. The exhibitor is obligated to inform his show personnel and any companies commissioned by him (stand building, decorators, etc.) about this. The exhibitor is liable for any damage.

### 7. Stand Layouts

If the exhibitor orders rental objects, which have to be fitted into the exhibition's stands by MesseHalle Hamburg-Schnelsen GmbH, then it is up to the exhibitor to provide a scaled outline with the form, as this is the only way to guarantee installation as the exhibitor requires. Changes to submitted orders and new orders must be provided in writing. For changes which are submitted less than 5 working days before the event begins, an additional cost of 50% of the calculated rental prices shall be invoiced.

### 8. Complaints

Complaints must be made to The MesseHalle Hamburg-Schnelsen GmbH immediately after receipt of the stand, so that The MesseHalle Hamburg-Schnelsen GmbH can rectify any defects. Later complaints cannot be considered and will lead to no claim being possible against MesseHalle Hamburg-Schnelsen GmbH.

### 9. Contractors and Technical Facilities

The installation of supply facilities, the assembly, dismantling and alteration of MesseHalle's system booths and furnishings, stand surveillance and cleaning must only be carried out by companies commissioned by MesseHalle Hamburg-Schnelsen GmbH.

The technical facilities must only be operated by personnel of the MesseHalle Hamburg-Schnelsen GmbH.

### 10. Surveillance

General surveillance is provided at any exhibitions and trade fairs hosted by the MesseHalle Hamburg-Schnelsen GmbH. This begins on the evening of the last day of construction and ends when the exhibition finishes. Further surveillance can only be ordered from The MesseHalle Hamburg-Schnelsen GmbH by the exhibitor and this is at the exhibitor's own cost. There is no inherent insurance of the monitored goods provided by the presence of a security guard. During the nightly lock-up (one hour after the end of the exhibition until one hour before the start on the following day), no exhibitor nor any personnel commissioned by the exhibitor must remain on the stands and in the halls.

### 11. Cleaning and Waste Disposal

The MesseHalle Hamburg-Schnelsen GmbH arranges for a third party company to clean all passageways and stands daily. The stand cleaning comprises the floors, the fixtures with the exception of the exhibits and the emptying of rubbish bins.

Should the stand be completely locked or inaccessible, the exhibitor must organise the cleaning at his own cost.

Hazardous waste and all other substances, which cannot be put in the normal recyclable waste, shall be disposed of by The MesseHalle Hamburg-Schnelsen GmbH at the exhibitor's cost.

### 12. Official Permits

Official permits, such as the GEMA, registration of live animals, sale of alcoholic drinks, etc. must be registered with the relevant authorities by the exhibitor in good time before the start of the event. The exhibitor is solely responsible for the payment of any fees arising for this. Any claims for damages to The MesseHalle Hamburg-Schnelsen GmbH due to unissued permits are excluded.

### 13. Loading and Unloading

To avoid bottlenecks on the loading ramps, drivers must quickly move their vehicles aside. Please inform your stand construction company that vehicles must be removed from the ramp immediately after loading and unloading. Furthermore, cars must not be parked on the ramps or in the exhibition ground's car park during the exhibition. The MesseHalle Hamburg-Schnelsen GmbH reserves the right to take further steps in the case of non-compliance or infringement.

### 14. Deliveries

The MesseHalle Hamburg-Schnelsen GmbH makes reference to the fact that each exhibitor shall be responsible for the delivery and removal of his goods. The MesseHalle Hamburg-Schnelsen GmbH accepts no liability for any goods delivered and accepted by employees of the MesseHalle Hamburg-Schnelsen GmbH when exhibitors and staff are not at their stands. The goods must be clearly addressed (exhibitor name, stand number, telephone number for queries) and will be brought to the stand and stored there at the risk of the exhibitor. If goods are being collected, these must remain at the stand until the transportation company collects them.

### 15. Fire Prevention

Only non-flammable materials must be used for stand decoration. Exhibitors must inform their stand construction company where applicable. Open fires are prohibited on stands.

### 16. Parking Barriers

There is a parking barrier at the entrance to the car park. Exhibitors shall receive a free parking ticket, which they must return upon departure.

### 17. WLAN

The MesseHalle Hamburg-Schnelsen GmbH will provide exhibitor with a free WLAN hotspot. However, The MesseHalle Hamburg-Schnelsen GmbH does not guarantee that the WLAN can be used and that it will be continually available. Claims for compensation due to non-availability of the free WLAN are excluded. If a constant, reliable internet connection is required, this can be ordered from The MesseHalle Hamburg-Schnelsen GmbH at a charge.

The prerequisite for WLAN usage is that laptops, PCs and PDAs contain the relevant WLAN cards.

Tickets for accessing WLAN can only be obtained from the Exhibition Ground Office on-site. The MesseHalle Hamburg-Schnelsen GmbH hereby makes explicit reference to the fact that exhibitor's own WLAN networks can only be installed with prior registration at the event as otherwise considerable problems can be caused for the in-house WLAN network. There are no costs for the registration and operation of exhibitors' own WLAN networks. However, the exhibitor who is at fault shall be liable for any interruptions caused by unregistered WLAN networks.

### 18. Exhibits

If furnishings, systems or exhibits of the exhibitor are subject to specific hazards or risks (e.g. damage caused by temperature affects, moisture, vibrations, drops in pressure, power fluctuations, etc.), then the exhibitor himself must take the required protective measures. Welding, cutting, soldering, sawing and other similar procedures are prohibited in the halls by the fire authorities.

### 19. Operational Malfunctions

Should any facilities break down or operational malfunctions occur (e.g. power blackouts, etc.) or any other occurrences which will impact on the event, The MesseHalle Hamburg-Schnelsen GmbH shall only be liable if these occurrences were due because of intention or gross negligence of it or its vicarious agents.

### 20. Liability and Insurance

The MesseHalle Hamburg-Schnelsen GmbH shall be liable in accordance with legal conditions if the exhibitor makes any claims for compensation which are due to intention or gross negligence of its representatives or vicarious agents. If The MesseHalle Hamburg-Schnelsen GmbH is not being accused of intentional violation of contract and in the case of culpable violation of a fundamental contractual obligation by the MesseHalle Hamburg-Schnelsen GmbH, then the liability for compensation shall be limited to the predictable, typically occurring damage. Liability due to culpable injury of life, body or health shall remain unaffected by this.

The strict liability of The MesseHalle Hamburg-Schnelsen GmbH for existing defects in accordance with Section 536 A (1) BGB is explicitly excluded from this. The MesseHalle Hamburg-Schnelsen GmbH shall not be liable for exhibits or stand equipment nor for any consequential damages to the exhibitor.

Damage must be reported immediately to MesseHalle Hamburg-Schnelsen GmbH, but no later than the dismantling day of the event.

In the event of damage, The MesseHalle Hamburg-Schnelsen GmbH shall reimburse the fair value upon submission of written evidence of the acquisition costs. Reimbursement for damage is excluded if the damage report is delayed.

The exhibitor is liable for any damage caused by him, irrespective of whether this was caused by the exhibitor specifically, his personnel or vicarious agents. For this reason, exhibitors are strongly encouraged to insure their exhibits and their third-party liability at their own cost.

The above liability regulations shall apply to all services, provided by The MesseHalle Hamburg-Schnelsen GmbH in connection with the exhibitor's participation at the event.

### 21. Termination of Contract

The MesseHalle Hamburg-Schnelsen GmbH is authorised to withdraw from the contract and any contracts concluded for services or to terminate these without notice if the exhibitor does not comply with the obligations in the contract and General Terms of Exhibition of the MesseHalle Hamburg-Schnelsen GmbH after a fixed period of time. In case of termination of contract for the above reasons, The MesseHalle Hamburg-Schnelsen GmbH shall be entitled to demand compensation. This corresponds to the conditions in Point 5 of the General Conditions of Exhibition of MesseHalle Hamburg-Schnelsen GmbH.

### 22. Domestic Authority

The MesseHalle Hamburg-Schnelsen GmbH has the domestic authority in all rented rooms and on the event premises and shall exercise this through representatives, who will be able to identify themselves.

Exhibitors, their personnel and vicarious agents must only enter the premises and halls one hour before the start of the event and must have left the premises by no later than one hour after the end of the event, if nothing else is defined in the "Important Exhibition Information". Spending the night on the premises is prohibited.

### 23. Forfeiture Clause

Claims by the exhibitor against The MesseHalle Hamburg-Schnelsen GmbH shall be forfeited if they are not made in writing by one week after the event has ended.

### 24. Changes

All changes relating to the contract and the General Conditions of Exhibition of The MesseHalle Hamburg-Schnelsen GmbH must be made in writing to be legally valid.

### 25. Prices

All prices published by The MesseHalle Hamburg-Schnelsen GmbH (registration forms, stand equipment order sheets, forms, etc.) are net prices and are exclusive of VAT.

### 26. Severability Clause

Should a clause of the contract or the General Conditions of Exhibition be invalid, this does not affect the continuation of the remaining contract or the remaining General Conditions of Exhibition. The invalid clause will – as far as available – be replaced by an appropriate, legal provision.

**27. Place of Fulfilment and Court of Jurisdiction**

The place of fulfilment and court of jurisdiction is Hamburg, the headquarters of MesseHalle Hamburg-Schnelsen GmbH, even if claims are made through the legal dunning process.

Only German law shall apply.

The German language version of the contract and the German version of these General Conditions of Exhibition shall be binding.

Stand: 2016/All previous versions are hereby invalid with immediate effect.
